### ABOUT HOPE COMMUNITY CENTRE:

Since July 2012, we are providing employability skills to Afghan youth who are poor and who are in need of Computer and Communication English skills. As of Sept 2016, we have graduated 438 students. Each year we have more than 150 students graduate from our centre and most of them secure jobs. Through this gift program, we aim to get over 150 students sponsored. Your support will go a long way in impacting the most needy and vulnerable youth.
